

IN THE CLAIMS

Please cancel claims 1-13. Please add new claims 14-21.

B 14. A method of interfacing a plurality of different access devices to either a legacy application or a <sup>canonical</sup> ~~canonical~~ application comprising;

parsing a data stream from the desired application if the desired application is a legacy application;

creating a token representation of the data stream from the desired application, regardless if the application is a legacy application or a canonical application; and

forwarding the token representation to one of the plurality of access devices.

1  
215. The method of claim 14 further comprising:

displaying the data stream on the one access device.

3 16. The method of claim 14 wherein the one access device is a home computer.

4 17. The method of claim 14 wherein the one access device is a personal digital assistant.

5 18. The method of claim 14 wherein the one access device is a screenphone.

~~61~~<sup>6</sup>: A system for distributing information to a plurality of customers comprising:  
an application for providing data in response to a request for data;  
a token creator-mapper for creating a first token representation of the data provided by  
the application and a second token representation of the data provided by the application; and  
a plurality of different access devices for each of the plurality of customers wherein a first  
access device receives the first token representation of the data and the second access device  
receives the second token representation.

~~7~~<sup>7</sup>~~20~~<sup>6</sup>: The system of claim ~~1~~<sup>6</sup> wherein the first token representation and the second token  
representation of data include data specific to one customer.

~~8~~<sup>8</sup>~~21~~<sup>6</sup>: The system of claim ~~1~~<sup>6</sup> wherein the first token representation and the second token  
representation of data include data generic to the plurality of customers.

By the above amendments, claims 1-13 have been cancelled and claims 14-21 have been  
added. Therefore, claims 14-21 are pending.
